SUMMARY

I'm a Frontend Developer. I'm extremely passionate about web development especially Frontend Development, helping businesses and improve their online presence. Currently, I have studied Software Engineering at Nong Lam University (2016 - now), I have finished Frontend Development Course at CyberSoft Academy and had nearly 1 year of working experience in ReactJS. Now I currently aim to learn as much as I can in a work environment and to further my own abilities in a professional setting.
